

RAY®

Form Inspired by Function.

Designed in response to the proliferation of exoskeleton designs in the marketplace, Ray is an award-winning line of seating created in the post-modern tradition with clean, simple lines.

The design profile of the Ray Conference chair is integrated with the React™ mechanism, which adjusts the tilt tension based on the weight of the user. Ray Task incorporates a knee tilt control mechanism and adjustable task arms to function in executive offices.

- 1 Ray with Conference Arm
- 2 Ray Highback with Headrest and WA Task Arms
- 3 Optional High Profile Black Base or Aluminum
- 4 Ray with WA Task Arms
