The wait for well-designed, well-priced healthcare furniture is over.

The Foster collection addresses many challenges facing health and wellness facilities, including:

Support over the long term: No one likes to wait, but Foster has been designed to make waiting feel more comfortable. The arms slope to encourage a more relaxed body position. The webbed seat frame creates an active suspension that, when together with supportive seat cushions, create a more comfortable sit. The frame itself is constructed of steel, so it's highly durable when faced with frequent use. Replaceable components make it easy for facilities to make updates as requirements evolve.

Easy to clean, easy to care: Foster has been designed to help facilities in the ongoing battle against the spread of infection. The absence of a side rail means that the entire perimeter of the seat is free of tight spaces where germs, crumbs and debris collect. Removable seat and back covers can be easily cleaned and replaced if needed. Even the mesh cover is easily cleaned.

Flexible Design: Because Foster includes a full complement of front-of-house and back-of-house solutions all available in standard, wide and bariatric sizes; it gives facilities the flexibility to create visual continuity throughout the environment. Whether as a stand alone to fill tight spaces or grouped together to create dynamic arrangements, whatever your configuration, Foster easily adjusts to your needs.
Being eco-logical is good for the environment, and good for business

Allseating has always been an environmentally conscious company – not simply because it’s the right way to work, but because it’s the smarter way to work. In fact, the more steps we take towards reducing our carbon footprint, the more benefits we’re seeing to our bottom-line. To learn about these specific initiatives, please visit allseating.com.

Whether clients are curious if the grass is greener on the other side of the fence, or a few steps ahead of us along the greener path, we enjoy sharing thoughts, ideas and feedback. Our green committee representative can be contacted at marketing@allseating.com.

Allseating’s Quality Policy

Our Quality Objectives:

1. Developing, implementing, maintaining and continually improving an effective Business Management System that complies with ISO 9001
2. Delivering quality products and services on time and at a competitive price.
3. Fostering and supporting a culture that promotes individual and corporate growth.
4. Cultivating partnerships with key suppliers and customers, which emphasize continuous improvement in quality, service and support.
5. Establishing and measuring relevant corporate objectives.

CAL TB133 Compliance Information

Please see individual product pages under option code for models that are CAL TB133 compliant. Allseating encourages the selection of polyester fabrics for CAL TB133 applications as they perform well in conjunction with a barrier. If you wish to specify a particular fabric – or COM fabric – please contact customer service to check if fire retardancy tests have been performed. If not, we can perform the test on your behalf at a fee (non-refundable). Allseating cannot guarantee that a fabric will pass CAL TB133 certification.

All COM and COL packages need to be marked clearly with the following information on BOTH the exterior package and the upholstery material sample when sent to Allseating.

1. Your company name & contact person
2. Your purchase order number

On your Purchase Order, the following information needs to be supplied to the factory regarding COM/COL fabric:

1. Manufacturer’s name
2. Correct style number to which COM or COL is to be applied
3. A sample (6” x 6”) of the COM or COL
4. Instructions for proper application direction
5. Manufacturer’s pattern and color number
6. Correct side of fabric

When no instructions are received with your COM or COL, Allseating will use our own judgment with no recourse.

Extended lead times may occur if COM or COL is not properly identified when received by Allseating. Allseating is not responsible for any unclaimed COM/COL 30 days beyond shipment of goods.

Customer’s Own Material (COM) and Customer’s Own Leather (COL)

For any COM fabric application, please request the official COM notification form QSF 182 for quality control and order tracing purposes.

One memo sample (6” x 6”) of all COM/COL fabrics must be submitted for approval. COM/COL memo samples must be marked with the following information:

1. Customer Purchase Order
2. Chair Name/Model Code/Quantity
3. Fabric Supplier
4. Fabric Name/Number/Color

All COM/COL memo samples, with the above information, must be sent to the following address for approval:

Allseating
Attention: Customer Service Department
5800 Avebury Rd., Unit 3
Mississauga, ON
L5R 3M3
CANADA

Allseating is not responsible for the return of samples; nor the durability, color inaccuracies, dye lot variations, tailoring quality or other defects of any COM/COL.

COM/COL Approval

Upon application approval of COM/COL, fabric must be sent with the following:

1. COM/COL Notification Form
2. Commercial Invoice
3. NAFTA Certificate – If shipment originates from the U.S.A.

to the following address:

Allseating
5800 Avebury Rd., Unit 3
Mississauga, ON
L5R 3M3
CANADA

All COM and COL packages must be marked clearly with the following information on BOTH the exterior package and the upholstery material when sent to Allseating.

1. Your company name & contact person
2. Your purchase order number

On your Purchase Order, the following information needs to be supplied to the factory regarding COM/COL fabric:

1. Manufacturer’s name
2. Correct style number to which COM or COL is to be applied
3. A sample (6” x 6”) of the COM or COL
4. Instructions for proper application direction
5. Manufacturer’s pattern and color number
6. Correct side of fabric

When no instructions are received with your COM or COL, Allseating will use our own judgment with no recourse. Extended lead times may occur if COM or COL is not properly identified when received by Allseating. Allseating is not responsible for any unclaimed COM/COL 30 days beyond shipment of goods.
Customer’s Own Material

Usually, seating fabrics are patterned to run off the bolt. However we will upholster all COM seating products with the pattern running lengthwise unless special instructions stating otherwise are received. To avoid any unnecessary confusion, always specify Right Way or Railroad or Custom when providing COM fabric.

COM yardage shown in the Price Catalog is based on single chair requirements. For multiples, the yardage may be reduced, please call Customer Service for details. Regular COM orders will be charged at Group 1 pricing and regular COL orders will be charged at Group 4 pricing.

Allseating reserves the right to reject any COM Fabric or COL Material which, in our opinion, is unsuitable. COM fabric must be supplied in one piece. Where patterns or repeats are involved additional yardage may be required.

All COM/COL orders will not be scheduled for production until Customer Service receives confirmation from our warehouse or receiving department that the fabric has arrived. Shipping will be approximately 4 weeks from receipt of fabric.

All items are available with material furnished by the customer. Yardage requirements listed in our price list are based on 54” wide plain material. Generally, additional yardage is required if striped or patterned material is used, if pattern requires matching, or if width of material is less than 54” wide. Please contact factory if goods are less than 54” wide. We can take no responsibility for tailoring, wearability, or application of COM/COL covers. Allseating is not held responsible for receipt of defective fabrics, as we apply all COM/COL yards as first quality goods.

COM/COL is applied at customer’s own risk and Allseating assumes no liability for the material.

The additional yardage is based on 54” wide goods. Please contact factory if goods are less than 54” wide.

Explanation of Right Way and Railroad

Though every effort has been made to estimate excess yardage required for stripes and matches, Allseating takes no responsibility where additional material must be ordered.

Customer’s Own Leather

If you wish to provide your own leather, please figure 17 square feet of leather per yard of material required, based on the yardage requirement listed for each piece. Allseating will not order special leather from any other supplier other than our own.

Understanding High Performance Fabrics

Moisture Barrier: A water-based backing that renders upholstery resistant to moisture, mildew and abrasion. Created using advanced sustainable technologies to minimize environmental impact.

Antimicrobial: An agent that can kill microorganisms, including bacteria, mold, mildew and fungi to prevent the spread of odors and toxins on textiles and treated surfaces.

Stain Repellents: A protective shield that prevents liquids and dirt from penetrating surfaces and fibres and allows time to clean the area before it stains.

Crypton®: The only textile solution that protects against stain, moisture, mildew, bacteria and odors, permanently.

Fabric Upgrade Chart

For Fabrics Graded 1 – 8

Use the corresponding list prices as published in this Catalog.

For Fabrics Graded 9 – 12

Determine the amount of fabric required for the product by referencing the COM yardage requirements as published. Once yardage has been determined, add the indicated list amount in the chart below to the published Group 8 price and discount as required.

* Crypton’s potential process will be used to accommodate the need for combination of all 3 finishes.
SpecAll
Spec it. Price it. It's never been easier.

We're constantly developing new and evolving existing products - so no matter how much planning goes into this price book, details can change. That's why we developed SpecAll - a convenient online tool that enables you to specify and price your product in real-time without ever leaving the comfort of your chair.

It really is that easy. Simply visit allseating.com, choose your chair and customize it by selecting your preferred options, fabrics and finishes. When you're done you can email it, or save it for future reference.

Product Category Guide
This Guide lists all of the categories that are available within the Foster Collection. The numbers in the squares indicate the page number of where you can find pricing information about a particular chair Series.

11 SEATING FOSTER SEATING VALID UNTIL DECEMBER 31, 2017
How to Order an Allseating Chair

Choose your chair, and follow the steps below:

For specific applications, please check the Product Application Guide on page 10. If you have any questions about your order or the ordering process, please contact Allseating’s Customer Service Department at 1 800 563 3502.

1. **STEP 1: Model Code**
   Determine your MODEL CODE. The boxes on the bottom right of each pricing page indicate the Series, Back Style, Controls, and Arms available. These boxes correspond to the Model Code column in the chart.

2. **STEP 2: Option Code**
   Select your Option Code. Refer to the Option Code availability and the upcharge for each option. Choose the options you require, and fill in the boxes with the appropriate code. Please add additional boxes as necessary. If you do not fill in any Option Code, you will be shipped the Standard Components.

3. **STEP 3: Fabric Code**
   Select your FABRIC CODE. Refer to the Allseating fabric cards, and select your fabric. The pricing pages indicate list prices for Group 1 - Group 8 Fabrics, as well as Leather 1-3. Enter your selected Fabric Code into the appropriate box. Allseating customers may provide their pricing pages indicate list prices for Group 1 - Group 8 Fabrics, as well as Leather 1-3. Enter your selected Fabric Code into the appropriate box. Allseating customers may provide their
   your completed model code should look like this:
   
   **F0110-OA-GR-SIL-50B-F-ILIME**
   
   Model Code: F0110-OA
   Option Codes: GR; SIL; 50B;
   Fabric Code: F-ILIME

   If you prefer to order one of our most popular chairs, simply select a Fabric Code from the Allseating Fabric Cards and complete the Fabric Code box.

4. **STEP 4: Determine your Final List Price**
   The group of the fabric you select determines the list price of your chair. Please refer to the price chart on the top right of the pricing page to determine the list price.
   
   If options are selected, add the corresponding upcharge to the list price.
   
   i.e. Foster Highback Patient Mesh/Single/Open Arm/ Grey Polyurethane Arm Caps/ Silver Frame/ Silica Mesh/ with Infusion Fabric Lime:

Place your Order!

Fax the following information to Allseating’s Order Entry Department at 1 800 272 9911 or email: orders@allseating.com.

a) Completed Model Code with corresponding Options and Fabric codes.

b) Final pricing. Please ensure that you calculate all of your selected options into your final price, as well as any discounts.

c) Completed Purchase Order on company stationary or company letterhead, and include:
   - a purchaser’s signature
   - a ship to address
   - phone number and e-mail address.

   Please ensure that the Purchase Order is made out to:
   Allseating, 5800 Avebury Road, Unit 3, Mississauga, Ontario Canada L5R 3M3.

You will receive a confirmation from Customer Service within 72 hours of receiving your Purchase Order, providing all correct information is received. Thank you for your order!

Please be aware that Allseating ships in K.D. (knocked down) format. If you require your chairs to be shipped fully assembled, contact Customer Service for a special quote.

If a customer specifies a delivery time (i.e. “My shipment must arrive by 10 am”), there will be an additional charge.

**NOTE:** For complete credit information, please refer to Allseating’s ‘Order Acceptance Policy’ and ‘Credit Terms’ available in this catalog, under ‘Conditions of Sale’.

Conditions of Sale

Pricing
Allseating reserves the right to change published prices without notice. Prices in effect at the time of the order acceptance shall apply. All applicable taxes are extra. All prices in this catalog are list.

Order Acceptance
Orders will be accepted through all authorized Allseating Dealers upon issuance of a written purchase order on letterhead or purchase order of the customer being invoiced. Faxed orders or orders by email (orders@allseating.com) are acceptable, no verbal orders will be accepted. All purchase orders must contain a valid signature.

Order Cancellation
Orders which have been acknowledged are considered firm. In the event a cancellation request is accepted by Allseating, restocking charges may be incurred up to 100% of the order depending on the stage of production.

Credit Terms
Terms are net 30 days O.A.C. Terms are subject to change and review based upon performance. Customers are requested to provide a completed signed Dealer Application for the purpose of updating or setting up an account. All payments should be made to Allseating.

Packaging and Shipping
As a standard, all products are shipped in knocked down condition, in a box.

Assembled Chairs
On special request and at an upcharge, chairs may be shipped assembled (except base and cylinder). For assembled and fully assembled blanket wrapped products, contact customer service for details. Please note that minimum quantity guidelines will apply.

Freight Policy
Allseating reserves the right to use its own or commercial carriers for the “best way” to ship, at its sole discretion. Normal delivery is on a truck and trailer. Special requests such as inside delivery, residential delivery, etc. are subject to additional charges. All additional charges will be the responsibility of the consignee. Allseating reserves the right to charge for freight services over and above standard “best way” delivery. Delivered pricing is based on shipment to the 48 U.S. contiguous states and Canada excluding N.W.T., Y.K., and N.U. For shipments to other destinations, we reserve the right to add a surcharge.

Specifications
Allseating reserves the right to change to institutes changes to materials, specifications or designs, or to discontinue models at any time. Images and line drawings featured in the catalog may not reflect the current product offering. Components are subject to change at Allseating’s discretion.

Our Parts and Labor Warranty
At Allseating, we pride ourselves on engineering products that stand up in today’s demanding work environments. So if you receive a product from us that doesn’t measure up to our quality standards, we promise to swiftly investigate and solve the problem.

Seating and Work Tools
Our warranty is simple. We cover all of our products and the components we use to make them – for 10 years. This includes pneumatic cylinders, foam, thermoplastics, urethanes, arm pads and mechanisms. And we pay for all reapproved labor costs.

Warranty Resolution
We understand that dealing with warranties is often frustrating. So we developed a dedicated Warranty Response Team to eliminate headaches. They’re specially trained to expedite warranty-related issues, so you can get back to business quickly and painlessly.

Contact our Warranty Response Team at warranty@allseating.com or toll free at 1(800) 563-3502.

Applicable Provisions to All Products and Services
Allseating products, including those designated for Multi-Shift, are warranted to be free from defects in materials and workmanship for a period of 10 years from original date of purchase. This warranty applies to all chair models and extends to original purchasers who acquire new product directly from Allseating or our authorized dealers.

During the warranty period, Allseating, at its sole discretion, will repair or replace (at its option) any product, part or component covered by this warranty that fails under normal use due to defective materials or workmanship. Allseating will repair or replace the defective product, part or component with comparable product, part or component. To be eligible for this warranty coverage, all products, parts or components must be installed, used and maintained in accordance with Allseating’s published instructions and must not have been subject to misuse or abuse.

Allseating does not warrant the following:
• Normal wear and tear
• Natural variations, scars, marks or wrinkles occurring in leather
• Colourfastness of textiles
• Colour matching of textiles exactly to samples or swatches, or past purchases
• COM or COL fabrics
• Products exposed to extreme environmental conditions or improper storage conditions

Allseating’s products meet the requirements of national and specific local codes as stated in the price book and other written publications. Please visit the company’s website at allseating.com for further details regarding product specifications.

This document inclusively describes Allseating’s warranty and is not in any manner or form a complete warranty whether express or implied, statutory or otherwise, in relation to the company’s products and services.

To the extent allowed by law, any implied warranties, including any warranty of merchantability or fitness for a particular purpose, are disclaimed and to the extent they are legally required, are limited in duration to the duration of this written warranty.

Allseating shall not be liable for loss of time, inconvenience, commercial loss, or incidental or consequential damages.

Returns / Restock
Returns are coordinated and authorized by the Return Authorization Coordinator (RAC). Merchandise may not be returned without prior consent and a Return Authorization (RA) Number. All returns must be securely packaged and boxes clearly marked with an assigned RA number on the outside. Carrier for return goods must be specified by Allseating. Goods returned without a RA Number or by an unauthorized carrier will not be accepted. Unauthorized returned goods will be subject to a restock charge and/or a charge for any required reconditioning. Returns must be shipped prepaid, unless other arrangements have been made. Custom fabricated merchandise may not be returned.

General Information
Dimensions
The price catalog and product literature, show dimensions rounded to the nearest half inch. All dimensions are approximate and may be subject to change without notice.

Storage Policy
We store product at our warehouse for 3 days at no charge. Any order requiring storage for a longer period will be charged at a rate of $1.00 per day per chair. Order postponements must be received 2 weeks prior to the scheduled production time.

Fire Code
Allseating’s entire line of seating meets California Technical Bulletin 117 (CAL 117) which has been in effect since October of 1975. This is a standard by which upholstered furniture has been tested for approval to meet a minimum fire standard. Allseating’s chairs can be upgraded to meet the California Technical Bulletin (CAL TB133). Additional charges (per burn test) and lead times will apply for chairs with special configurations of COM fabrics, not already tested by Allseating.

CAL TB133
CAL TB133 is a standard of furniture flammability required by the California Bureau of Home Furnishings and Thermal Insulation for furniture used in public buildings such as Healthcare facilities, Hospitals, Hotels and Motels, Stadiaums, Child Care Facilities, Convalescent Homes, Prison and Jails.

The CAL TB133 test is a scale fire test for furniture manufactured for the use in public buildings. The standard does not specify how to construct furniture, but only how it should perform after being tested. To pass the fire standard test, a fire blocking liner is placed behind the fabric and the foam of our chairs. This liner acts as a fire extinguisher by smothering the flame.

To order CAL TB133
Clearly specify CAL TB133 on your order. Please check individual series upcharge.

ANSI/BIFMA Testing
Allseating chairs have been ANSI/BIFMA tested and approved.
