

**RÜHE™**

CALMING AND RESTFUL.

# AS CALMING AND RESTFUL AS ITS NAMESAKE.

Rühe, named after the German word for "rest", is a minimalist, understated, multi-range seating collection envisioned by award-winning industrial designer Mike Shields. Thoughtfully crafted to evoke a home-like feel that is calming and comforting, its carefully selected design elements promote health and cleanability while offering superior durability and support for users. Suitable for a variety of public settings such as corporate waiting areas, hospitals, airports, and educational institutions, the Ruhe family is comprised of guest, patient, tandem, and lounge seating as well as several table options.

Ruhe has a thin frame that is anything but delicate and is able to support users up to 400lbs. The collection has a highly durable 14-gauge steel frame that features 7 support ladders paired with common arm components that contribute to 15 standard seating configurations. Soft cleanouts between seats and backs are featured on all models to ease the cleaning process.
