

PRATA[®]

User Guide

SELF-WEIGHTED MECHANISM

The self-weighted mechanism allows the user's weight to adjust to a comfortable sitting position and intuitively responds to the torque requirements of a wide range of users without the need for manual tension adjustment and no visible levers under the chair.

UPHOLSTERY OPTIONS

Upholstered in a single fabric or select a different fabrics for seat and back or seat, inner and outer back. Optional contrasting elbow patch can match the seat or outer fabric.

BACK HEIGHT

Available in lowback or midback, shown here in lowback.

ADJUSTMENT LEVERS

Two adjustment levers, tilt (left-side seated) and height adjustment (right-side seated), are integrated elegantly into the frame in a precision-led manner.

FINISH

A polished cast aluminum base frame.

CASTERS

Standard carpet casters or optional hard surface casters available in Black or Smoke.
