

ASTUTE®

BUSK + HERTZOG

TO BE 'ASTUTE' IS TO BE SHARP OR ON THE BALL.

WHAT

- + Designed in collaboration with acclaimed European design studio, busk+hertzog, Astute is an elegant multi-purpose chair that solves the functional needs of the modern workplace.
- + Incredibly versatile and customizable, Astute is both a side chair and a center-piece.
- + Aesthetically pleasing and practical, Astute features elegant curves and comes in a vast selection of finishes.
- + Such a high-degree of customization allows customers to find a solution to any seating need, giving them the freedom to bring their unique vision to life.
- + Astute is the embodiment of accessible design, making it the perfect choice for shared co-working spaces, lobbies, libraries, and offices.

WHY

- + Clients are looking for versatile products that are as visually appealing as they are functional with a higher degree of customization.
- + There's an increase need for products to fit into resimercial spaces, with European influences and design.

HOW

- + Elegant back and seat styles available in three (3) options including partially upholstered, fully upholstered and wood.
- + Available in five (5) classic wood finishes to visually complement any space.
- + Frame finishes include chrome, two (2) matte paints – Smoke or Onyx – or three (3) neutral colors.

- + Seven (7) bases available: Sled, 4-leg, 4-leg with casters, 4-leg bar, 4-leg counter, sled bar and sled counter for greater versatility.
- + Arm styles include penguin, loop or armless for all comfort levels and style preferences.
- + Arm finishes are polished aluminum or painted to match the two (2) matte or three (3) neutral frame colors that appeal to all aesthetic preferences.
- + The plus size version of Astute is rated for 500lbs and expands Astute's versatility, allowing to accommodate any environment - especially healthcare.

DESIGNER

- + Known for modern design, busk+hertzog has won over 70 of the most prestigious international design awards. Their designs are part of permanent exhibitions at design museums around the world, making Flemming Busk and Stephan Hertzog some of the most exciting names in the industry.
