

THERAPOD®

TODD YETMAN

BACKED BY HEALTH PROFESSIONALS.

WHAT

- + Therapod is Allseating's ultimate solution to back pain, featuring a patented back adjustment design that accommodates and adapts to every region of the spine with a series of body-specific strap adjustments.
- + Designed and engineered in collaboration with physiotherapists and chiropractors, Therapod is uniquely supported by health professionals and ergonomists alike.

WHY

- + Modern research and studies have proven that sitting for long periods of time throughout the day can be detrimental to the musculoskeletal system and even cause chronic health problems such as heart disease, diabetes, and some cancers. It can even have an impact on mental health.
- + For occupations that require heavier than average timeframes of sitting, both employers and employees should be exploring the most ergonomic options available to offset the above concerns.
- + Users with chronic back pain ailments, such as sciatica, need seating options with back support that can be curated to specific positions and tensions along the entirety of the spine.

HOW

- + Featuring a series of patented adjustable straps throughout Therapod's back construction, every inch of Therapod's back is tension-adjustable to suit different pressure needs along the spine.
- + Therapod is available in both a highback and extra highback, ensuring all body types are accommodated.

- + Deluxe Tilt J-Bar and Value Plus mechanisms allow for ultimate control in back angle, back height, seat angle, and seat depth adjustments.

- + Optional Neck Pad available for even greater support.

- + Features height-adjustable AT arms, as well as arms with greater armcap adjustability in the 4D and MF arms.

- + Can be upholstered in thousands of textile options, including the majority of Allseating's carded textile program.

DESIGNER

- + Since 1982, Allseating has developed a reputation for quickly adjusting to the changing needs of customers in the office, educational and healthcare sectors. Today, Allseating has evolved to have product designs for more environments than ever, truly demonstrating the concept of anywhere in all that we do. Inspired by our founder and CEO, Gary Neil, the Allseating team has become known for delivering excellent customer service at every touchpoint.
