

OLIVE™

ALLSEATING

THE LANGUAGE OF COLOR

WHAT

- + Crafted to balance personal expression with high performance, Olive blends sleek design with practical features. Its soft, natural tones and clean, tailored lines create a workspace that supports focus, calm, and/or relaxation.
- + Olive is a low-to-mid priced task chair that doesn't sacrifice form for function, all while emphasizing style.

WHY

- + As costs in our industry continue to rise, well-known budget-friendly task chairs are becoming less and less budget friendly. Solutions are needed for value task seating that is ergonomic, design-heavy, and fully customizable without breaking the bank.
- + The shape and form of furniture can transform any space; designers are continuing to value minimalistic designs with smooth curves and subtle pops of color to create warm and inviting working environments.
- + Color is traditionally one of the easiest and most effective ways to evoke emotion in a space. The language of color is one that everybody understands and internalizes when entering new spaces.

HOW

- + Olive features 5 arm options including armless, fixed conference arm, height adjustable arm, height adjustable arm with sliding armcaps, and pivoting arm.
- + Optional adjustable lumbar pad comes at no upcharge and features 3" of height adjustability.

- + Optional height adjustable headrest for optimal ergonomics in supporting the neck and head while working.
- + Olive features 5 back frame finishes: Crema, Azure, Venetian, Grove, Truffle. Headrest and Lumbar color will match back frame.
- + Black or Birch trim finish will affect base and arms.
- + M10 Mesh available in 7 colors: Fog, Nickel, Charcoal, Black, Ember, Sky, and Moss.
