Vendor of Record - Furniture Solutions

ALLSEATING: A TRUE CANADIAN SUCCESS STORY

Allseating started from humble beginnings back in 1982 from founder, Gary Neil's, garage. This is proof of what's possible when Canadians invest in each other.

For over 40 years, Allseating has designed and manufactured a diverse range of award-winning seating solutions to support workers anytime, anyplace and anywhere. From task chairs to side chairs, lounge seating to healthcare seating – each piece is designed to consider comfort, versatility, empathy and ergonomics.

We've grown from a small operation into a leader in ergonomic seating but our strong Canadian values have stayed the same: innovation, craftsmanship and an unwavering commitment to our customers.

We are dedicated to keeping ahead of industry trends to incorporate flexibility and personal customization to each piece. We collaborate with some of the industry's top industrial designers for innovative versatility and captivating beauty, and we're proud to create inspiring environments across a wide range of industries and sectors.

IN THE SPIRIT OF CANADA WE BELIEVE THAT SUPPORTING OUR FELLOW CANADIANS MAKES US ALL STRONGER.

Dart Midback with D7 Arm and Base in Polished Aluminum.

MANUFACTURERS

Allseating manufactures all of its products at the head office facility in Mississauga Ontario Canada. Our facility is ISO 14001 certified and all of our products are Indoor Air Quality Gold and BIFMA e3 Level 3 certified. Our products will contribute to all available LEED points available for seating. We employ over 150 office and plant staff at this facility.

INCLUSIVITY AT ALLSEATING

In accordance with Canadian and Ontario legislation, including the Canadian Human Rights Act, Allseating is committed to treating people fairly, with respect and dignity, and to offer equal employment opportunities in our workforce, in management, and to any applicant based upon an individual's qualifications and performance. As such, Allseating is committed to employing a diverse community of people, free of discrimination, intimidation or harassment of any kind.

We are committed to maintaining a fully multicultural enterprise. We also have numerous women holding both Vice President and Senior Management positions.

ENHANCING COMPANY CULTURE

Allseating enhances the culture and working environment for employees in a variety of ways. As a company, we host a variety of corporate events, barbecues, and lunches to foster team building. In addition, Allseating makes fitness investments to aid employees in staying healthy and active.

We proudly giving back to the community through various different charities, giving greater flexibility for standard working hours, and allow employees the chance to participate in a profit sharing program.

CLIENT SUPPORT

Allseating Corporation utilizes a team approach to assure client satisfaction before, during and after a contract is issued or a delivery is made.

The team is comprised of the VP Sales, Regional Sales Director, local Allseating Sales Representatives, local Allseating Installation Partners, and the Allseating Customer Service & Warranty Team.

In order to carry out the services throughout the different projects across Ontario, we have created a strong sales team and have aligned ourselves with essential service partners. In this way, we are able to consult with our clients to provide the right solution for each project, produce floor plans and 3D drawings, repair, maintain, deliver and install furniture and equipment throughout the Province and across North America.

A dedicated client support person will be assigned to manage each of the following areas: 1) Customer Support Representative to resolve service, product and/or delivery issues; 2) Credit Department contact to manage and resolve billing, reconciliation and payment issues; and 3) Upper Management contact to support escalation process to handle more complex issues and to oversee contract compliance.

We offer services in both English and French. Our customer support team is available via toll free, email or live chat during normal business hours and our sales staff are available via phone or email 24/7.

PRODUCT LINES

INNOVATIVE, PROPRIETARY & AWARD WINNING DESIGNS

Our 250+ products span every category, including commercial office, hospitality, higher education and healthcare. Our seating products include ergonomic and customizable task, conference, guest/stack and training, public area, courtroom, lab and patient seating. Our innovative Exchange modular seating system is like none other. Featuring 7 key components that can be interchanged to create more than 150,000 different configurations of public area seating. Together, our team of ergonomic experts, design specialists and engineers ensure our seating stands up to the highest expectations. Plus, every day we're adding more. If you need anything you don't see in our standard product line up, get in touch. We'll work with you through our Special Product Request (SPR) program to meet any of your customization needs.

We understand that purchasing a chair is a significant decision, which is why Allseating offers a multitude of additional features and services to ensure clients can feel confident in their choice.

Allseating is able to supply the following categories:

FURNITURE GROUPS

Group 1-4	Seating and other related accessories
Group 5	Other assorted furniture not part of Group 1-4

Eighty Two symbolizes a return to our roots here at Allseating. Features a standard adjustable lumbar to provide sufficient back support throughout the entire workday. Available with optional headrest.

OTHER PRODUCT SUGGESTIONS: TASK, CONFERENCE, STACKING AND GUEST

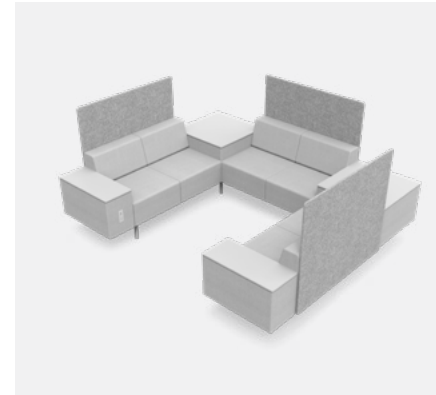

ENTAIL™
BASE LIST: \$470

Entail is available in mesh with black frame finish and comes standard with a supportive seat and integrated seat slider to improve posture and comfort

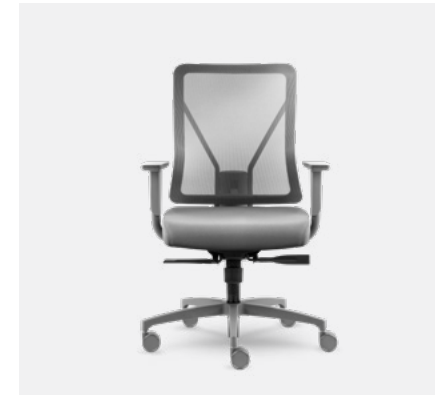

EQUATION™
BASE LIST: \$825

Equation is sleek, ergonomic and built for modern workspaces. Its intuitive lumbar system and weight-responsive design deliver personalized comfort with minimal effort. Available with optional headrest.

EXCHANGE®
BASE LIST: \$1,837

Exchange promotes movement and collaboration. Its flexible design gives individuals the freedom to work how and where they want.

LEVO®
BASE LIST: \$755

Levo moves with you. Its dynamic Y-shaped back and adjustable lumbar system support posture and promote active sitting.

L1®
BASE LIST: \$650

L1 is a dependable task chair at an affordable price with a focus on back support. The chair's namesake is the L1 vertebrae in the lumbar region of the human spine. Available with Mid or Highback, standard and Plus (400 lb rated) sizes with optional headrest and adjustable lumbar. L1 is available fully upholstered or with mesh back.

OLIVE™
BASE LIST: \$610

Olive is a stylish chair that blends playful design with ergonomic comfort. Its oval-shaped back and vibrant colour options bring warmth and personality to any space.

FOSTER®
BASE LIST: \$1,406

Foster delivers versatility, care and comfort at the highest levels in healthcare spaces. Designed for patient rooms, lounges, and waiting areas, Foster brings warmth and support any space. Available in plus and tandem as well as patient seating.

INERTIA® SIDE
BASE LIST: \$405

Inertia Side is a breathable, flexible and lightweight solution that adjusts to address the needs of any work environment. Available in meshback or fully upholstered, with or without arms.

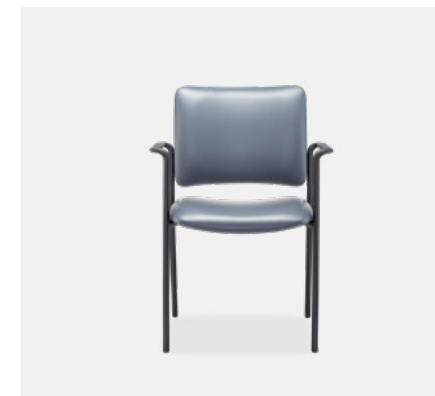

JIF®
BASE LIST: \$501

Jif is a modern, portable stool designed for today's flexible workspaces. It combines ergonomic support with simple, approachable design elements like its signature descending lip. Available in a still or sway base.

PRATA®
BASE LIST: \$1,956

Prata blends traditional elegance with modern functionality for both commercial and residential spaces. Available in lowback or midback, caster base or aluminum lounge base.

RAINBOW™
BASE LIST: \$488

Rainbow is designed for durability with a clean look, and is suitable for up to 500lbs on Plus models. Available in Guest, Hip, Wide, and Plus. Optional phlebotomy arm is available on select models.

R.E.S.®
BASE LIST: \$1,320

R.E.S. combines elements of comfortable lounge seating with that of focused task seating. Available in 3 models; Midback, Highback, and Stool in multiple configurations.

OTHER PRODUCT SUGGESTIONS: TASK, CONFERENCE, STACKING AND GUEST

REQUISITE®
BASE LIST: \$1,350

Requisite brings together creativity and economy, innovation and stability, first and lasting impressions. Available in midback or highback.

TUCK® STACKER
BASE LIST: \$360

Tuck Stacker is a high-density stacking chair conveniently designed so it's there when you need it — wherever you need it — and conveniently "tucks" away when not in use. Available in poly, mesh or upholstered back as well as guest, counter and bar stools.

TUCK® NESTER
BASE LIST: \$645

Tuck Nester is available in poly, mesh or upholstered back with a nesting depth of 21.5" and 6.5" per chair added.

WATSON™
BASE LIST: \$3,397

Watson combines timeless style with comfort for guest, lounge, and waiting areas. Its clean lines and tailored upholstery create a welcoming, versatile seating solution for any space. Available in sofa, club chair, and bench.

YOU®
BASE LIST: \$910

You features a revolutionary back height adjustment system and U-shaped back suspension that "lifts" the user into the proper position. Available in midback, and highback with optional headrest.

ZIP®
BASE LIST: \$860

Zip offers you a fast and simple solution for any office setting. Available mesh or upholstered in both midback and highback.

L1 Midback Fully Upholstered with Black Frame, Height Adjustable Arms with Sliding Armcaps and Black Nylon Base.

You Too Highback with Smoke Nylon Frame, T2 Arms and Smoke Nylon Base.

Olive Midback with [top] Grove and [bottom] Venetian Frame, Black Accent Finish and M10 Mesh in [top] Moss and [bottom] Ember, Height Adjustable Arms with Sliding Armcaps, Adjustable Lumbar and Headrest.

Olive Midback with [top] Crema and [bottom] Azure Frame, Black Accent Finish and M10 Mesh in [top] Black and [bottom] Sky, Height Adjustable Arms with Sliding Armcaps, Adjustable Lumbar and Headrest.

ERGONOMICS AND SPECIAL PRODUCT REQUESTS

As workforce demographics and technologies evolve, Allseating studies the changing office landscape, worker schedules and preferences, and of course, technological advances. This way, when it becomes clear that spaces are shrinking and workers are becoming nomadic, Allseating continues to design products that relate to the ever changing working environment. During the COVID19 Pandemic sent everyone home to work, Allseating was able to pivot its operation to manufacture and ship thousands of chairs to employee residential addresses for large companies across Canada and the US. Thereby providing low cost ergonomic chair options, with personalized colour choices and ongoing live chat sales support, so that employees could sit comfortably in their home offices or at their kitchen tables.

STANDARD OPTIONS AND CUSTOMIZATION

Many of our chairs use like components so it's easy for us to customize based on client's individual needs. As a standard, most of our ergonomic task seating models offer 3 seat sizes, multiple cylinder heights and multiple arm options. Jury bases and bolt to floor options are available for most of our task, guest or lounge seating. Our Award Winning You Series chair features a proprietary lumbar support that not only offers height adjustable lumbar but also an invisible suspension depth adjustable back "lift" to provide optimum back comfort and reduce pressure on the sitting bones. This chair series features both sychro tilt and multi tilt mechanisms, multiple arm options, including our proprietary T7 multi adjustable arm, two back heights, 3 seat sizes, multiple cylinder options (including stool height) and a head rest option. As a more economical option to the You chair, Allseating introduced Levo—a design that remains flexible to modern user needs, while maintaining the advanced ergonomics they deserve. Or, when office layouts begin changing to emphasize flexibility, suiting more needs than ever before, we introduced our revolutionary soft seating system, Exchange. With over 150,000 configuration options, and low environmental impact and easily replaceable rail and seat covers, Exchange eliminates the need for expensive new furnishings and makes instant-redesign possible.

Our Task chairs feature multiple standard options including the following:

- 3 Seat sizes
- 3 Back height s + headrest options
- 7 Cylinder height options
- 7+ Arm options
- 3 Frame finish options
- 5 Mesh patterns with over 50 colours
- 100's of fabrics, vinyls and leather options

CUSTOMIZATION

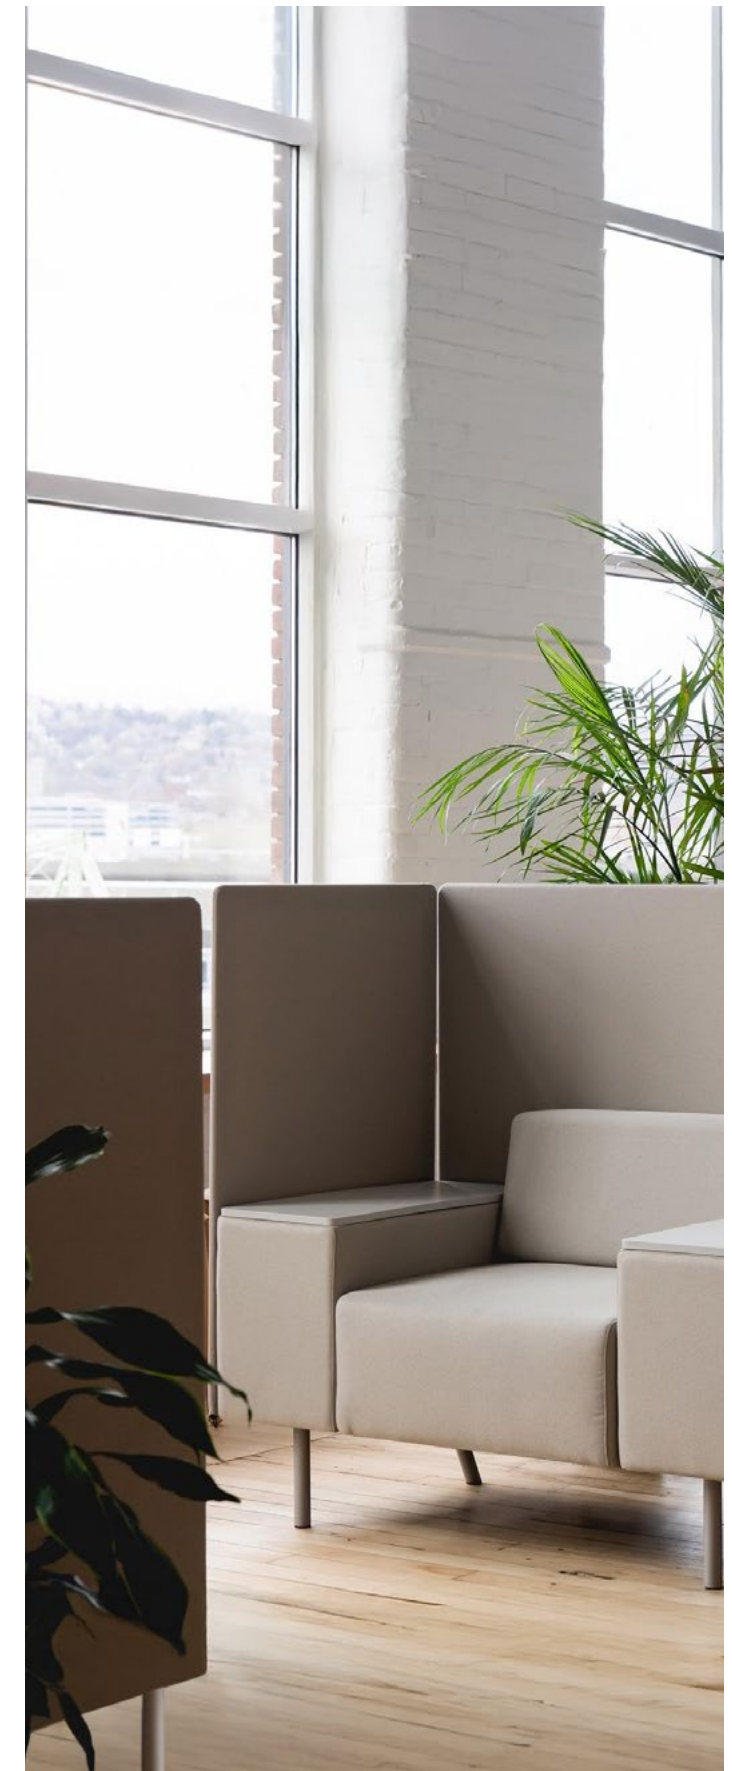

At Allseating, we are vigorously dedicated to providing each and every client with the perfect solution that addresses the specific requirements of their unique space—which is why we are proud to offer the ability to customize our product lines through special product requests. Our Sales Support team is on standby to aid in crafting the ideal configuration. While specific options are listed on each chair in the price book, most seats, backs and arms can be interchanged to create the perfect chair for the client's needs. If you don't see it in the commercial price guide just ask—we'll be happy to make it for you if we can.

TRIAL CHAIR PROGRAM / SHOWROOMS

We understand that purchasing furniture is a large commitment—one that requires thought and the ability to test out products first hand, which is why we've developed a comprehensive sampling program. With multiple showrooms across the U.S. and Canada, we eagerly welcome clients into our vast spaces to explore and test out our diverse product lineups. We have Sales Reps and Dealer Partners across the Province. Our head office showroom is located at 5800 Avebury Road, Unit 3, Mississauga, ON.

Where showroom visits are not possible, Allseating will provide a trial chair program that allows short-term (up to two (2) weeks) use by Clients at no charge. Delivery for trial chairs may be charged as per the region delivery pricing specified on our contract, and upon prior approval of the Client. For centralized or high-traffic government locations, we are able to provide one or more of the chairs specified in Deliverables to keep on site, free of charge for the Term of the Master Agreement, to allow Clients to quickly sample chairs and aid purchasing decisions. Our sales staff are available to come to client site to assess work station, space and individual requirements so that we can make the best recommendations based on the client's individual needs. To help facilitate trial programs and after sale service, we offer digital training guides and product videos in both French and English along with virtual consultations, where in person is not possible. Included with the chairs are specialized hang tags, which provide product information and feature instructions. This allows our customers to "test drive" our products prior to committing, ensuring they can be confident in their decision to make Allseating their trusted seating partner.

Please note while we are happy to deliver final product orders to home office locations, due to safety concerns we cannot allow trial chairs at home office locations where controlled cleaning and safety protocols may not be adhered to as they would be in a commercial office environment. Samples dropped off to commercial work places will be cleaned and sanitized prior to drop off.

Exchange Single, Midback, Low Wide Arms with Laminate Surface and Surrond Screen.

VIRTUAL SHOWROOM TOUR

Where in person consultations are not possible, we can still welcome our friends and clients into our virtual showroom:

www.allseating.com/virtual-showroom

The Allseating virtual showroom tour contains select embedded product tags with key features for some of our best-sellers and new launches. Also included on select products are videos for a more interactive experience. To access this feature, simply hover your cursor wherever you see a blue and white circle.

REPLACEMENT PARTS

Allseating Corporation will make available the specified product line and fabrics or comparable items, which substantially maintain the same function for a period of 10 years, from date of contract award, except as set forth below;

Exceptions: Allseating Corporation reserves the right to make modifications to the product line identified above. Such modifications will be made with consideration for the functional and aesthetic characteristics of the product line. Where fabric has been modified or discontinued by the manufacturer, Allseating will offer a comparable product at the same price point. This commitment to availability does not guarantee lead times, prices, surface materials and shall not be extended by any automatic renewal provisions.

ERGONOMIC ASSESSMENTS

Allseating’s sales team are trained to provide basic workstation assessments to assist users in obtaining the best chair for their work environment and for their physical needs. Where a more in depth ergonomic assessment is required, Allseating has partnered with Ergonomists across Canada and the US to provide ergonomic assessments (for a fee) should one be required prior to purchasing a chair.

ERGONOMIC COMPLIANCE

Requests for compliance documents to the following ergonomic requirements can be forwarded to the Quality Department with complete make and model of the product. Reports are available only for select products.

BIFMA X5.1, BIFMA X5.11 large occupant, Bifma X5.4 and Bifma X5.41 Bifma e3 Level 3 Certifications, Indoor Air Quality Gold certification, ISO 9001 and ISO 14001 certifications, and Environmental Data Sheets

SPECIAL NEEDS ACCOMMODATION

At Allseating, we are committed to full inclusivity within our product lineup. As our name suggests, we provide comprehensive seating solutions for all. Whether a client requires specialized casters and a high seat to accommodate wheelchair use, an ergonomic small seat, drop away arms or braille paddle instructions—we are here to support our customers at every step of the way.

FABRICS

Allseating has partnered with leading fabric suppliers to offer a wide range of carded fabric and mesh options. All of our fabrics have an inherent stain guard built in but we do offer specialty fabrics including silicas, bleach cleanable, moisture resistant and fabrics made from 100% recycled materials. If you don’t see what you are looking for in our carded options we happily grade in most manufacturers offerings.

INSTALLATION

Allseating will use the services of our own employees or trusted installation partners. Our installation partners works closely with us to develop procedures to ensure each delivery is seamless and reflects our highest standards of service. Chairs will be offloaded from the truck, fully assembled and set in place at client’s requested location within the facility. All packaging will be removed and any deficiencies will be reported back to the account manager. We are Reliability Status Security cleared at the Federal Government level and will ensure that all project related security level clearance requirements are strictly adhered to where required.

Exchange custom configuration, Midback, Low Narrow Arms and Laminate Corner Tables.

CERTIFICATIONS

Greenhealth
APPROVED™

WARRANTY

Allseating products sold under this Provincial Government contract, including those designated for Multi-Shift, are warranted to be free from defects in materials and workmanship for a period of 12 years from original date of purchase. This warranty applies to all chair models and extends to original purchasers who acquire new product directly from Allseating or our authorized dealers.

During the warranty period, Allseating, at its sole discretion, will repair or replace (at its option) any product, part or component covered by this warranty that fails under normal use due to defective materials or workmanship. Allseating will repair or replace the defective product, part or component with comparable product, part or component. To be eligible for this warranty coverage, all products, parts or components must be installed, used and maintained in accordance with Allseating's published instructions and must not have been subject to misuse or abuse.

EXCEPTIONS

Allseating does not warrant the following:

- + Normal wear and tear
- + Natural variations, scars, marks, wrinkles occurring in leather
- + Colourfastness of textiles
- + Colour matching of textiles exactly to samples or swatches or past purchases
- + COM/COL or graded-in fabrics
- + Products exposed to extreme environmental conditions or improper storage conditions
- + Chairs which have not been cleaned using manufacturer's stated cleaning protocols.

+ Chairs used by individuals who weigh in excess of the warranted weight restriction as indicated on each product page. Most task and guest seating is 350 lbs with the exception of Entail and Levo, all of which are 325 lbs. Exchange and Foster are 350 lbs per seat unless otherwise specified

Allseating's products meet the requirements of national and specific local codes as stated in the price book and other written publications.

Allseating disclaims any other warranty whether express or implied, statutory or otherwise, in relation to the company's products and services. To the extent allowed by law, any implied warranties, including any warranty of merchantability or fitness for a particular purpose, are disclaimed and to the extent they are legally required, are limited in duration to the duration of this written warranty. Allseating shall not be liable for loss of time, inconvenience, commercial loss, or incidental or consequential damages.

FABRICS

Routine cleaning with soap and water is recommended. Do not use petroleum concentrate. To disinfect, virex wipes or bleach may be used only if diluted with water (10:1 ratio of water and bleach) on specified bleach cleanable fabrics. Rinse immediately with clean water and dry with a clean dry cloth. Failure to apply a water rinse will void any warranties expressed or implied. Please note that continual use of bleach may cause discolouration of the fabric. It is recommended to limit the amount of bleach applications

FURNITURE REMOVAL AND RECYCLING

SUSTAINABILITY POLICIES

Allseating has created a set of policies to govern our practices relating to the environment and sustainability. The Allseating Sustainability Policies can be found in this document. Our green committee representative can be contacted at: marketing@allseating.com.

SOCIAL RESPONSIBILITY REPORT (GRI)

Allseating publishes sustainability and social responsibility report every year, the frame work of the Global Reporting Initiative (GRI). The intent of publishing this report is to provide greater transparency to our stakeholders, to annually evaluate our performance on the subjects reported, and to provide guidance on our sustainability development.

END OF LIFE RECOVERY OPTIONS

Allseating publishes documents on its website to provide end users with end of life recovery options (disassembly of our seating products and identity of recyclable components.) Allseating's legacy (discontinued) products also contain components that may be disassembled and recycled. Allseating will pick up product and recycle, dispose of, or donate based on the condition of the product. Arrangements must be made with our customer service team for this service.
