

# GEMELLI™

# DETAILED TO PERFECTION

Designed in collaboration with Carl Gustav Magnusson, Gemelli pairs sculpted comfort with timeless sophistication in a refined single-shell design. The signature back detail and softly contoured shell are inspired by the shape of a gentleman's cufflink, introducing a subtle sense of luxury while mimicking the body's natural seating position for intuitive comfort. Gemelli brings effortless versatility and elevated simplicity to modern workplaces, hospitality spaces, and collaborative environments.
